Computer Science & IT Education Conference

CSITEd 2007

**University of
Technology Mauritius**

November 16 - 18, 2007

<http://CSITEd.org>

Submission Deadline

April 30, 2007

The **CSITEd** ([Computer Science & Information Technology Education](http://www.csited.org)) conference solicits your finest submissions in any area that explores issues in effectively and efficiently teaching Computer Science, Information Technology, or related fields.

It will be useful to review papers presented at previous conferences.

They can be found at
<http://proceedings.informingscience.org>

Submission Deadline

April 30, 2007

Send questions to the organizers at:
Organizers@CSITEd.org

The Republic of Mauritius (Indian Ocean)

Mauritius will enchant you, will uplift your soul, making you feel that you belong to the chosen few. Every visitor enjoys personal attention. Every encounter is an opportunity to discover a friendly face. Behind each smile lies the promise of a unique holiday. The contrast of a multitude of colors and tastes, the island, set in its turquoise sea, is an oasis of peace and tranquility. Mauritius, a melting pot where past and present are smoothly blended together, offers an essential beauty that will compel to return to its shores time and time again.

Submission Instructions

The language of the conference is English. All papers will be **double-blind** reviewed by six or more reviewers. At least one reviewer will be external to the conference. All papers must be original, unpublished, and not currently under review by any other publication or conference. By submitting the manuscript for consideration, authors stipulate that they hold the **copyright** to the manuscript and, upon acceptance, transfer it to the Informing Science Institute. Authors also agree to assume all liability in case of copyright dispute.

Highly rated papers will be published in an Informing Science Institute journal. All other accepted papers will be published in the conference proceedings.

Following are the specific requirements for each type of submission:

Research Papers should be submitted as complete papers (8-15 pages). Include a description of the context of use, the clients involved, the problem, and the proposed solution, if appropriate. Original thinking is valued.

Interactive Paper, Discussion Paper, and Practical Papers. Shorter papers (at least 8 pages) are also welcome. These let you share the ideas you have developed to date and receive constructive feedback.

Panel Discussions. Include a detailed description of the topic and identify four or more panelists who have agreed to register for the conference.

Format Instructions

1. See <http://CSITEd.org> for complete, detailed formatting details.
2. Strip from the submission the author's name(s), affiliations, and any other information that identify the authors. This allows your manuscript to be blind reviewed.
3. Manuscripts submissions are accepted only in RTF and Word .doc format via the website <http://reviewsite.csited.org/>
4. Authors may appear on up to two papers.
5. For accepted paper to appear on the program and in print, *at least one author must pay the registration fee by July 15, 2007.*

2007: Year of IT in Mauritius

Please Volunteer to Review Submissions

Volunteer your expertise as a paper reviewer for the Computer Science + IT Education Conference.

Sign up now at the following URL to review three submissions during May:

<http://reviewsite.csited.org/review/signup.php>

As a reviewer, you will receive a reduction in your conference registration fee.
